

# YOUR KNOWLEDGE & RESOURCES HUB

**The KnowledgeBase is your hub to support the Organisational and Performance Challenges of your organisation and your role by providing direct access to comprehensive and curated content.**

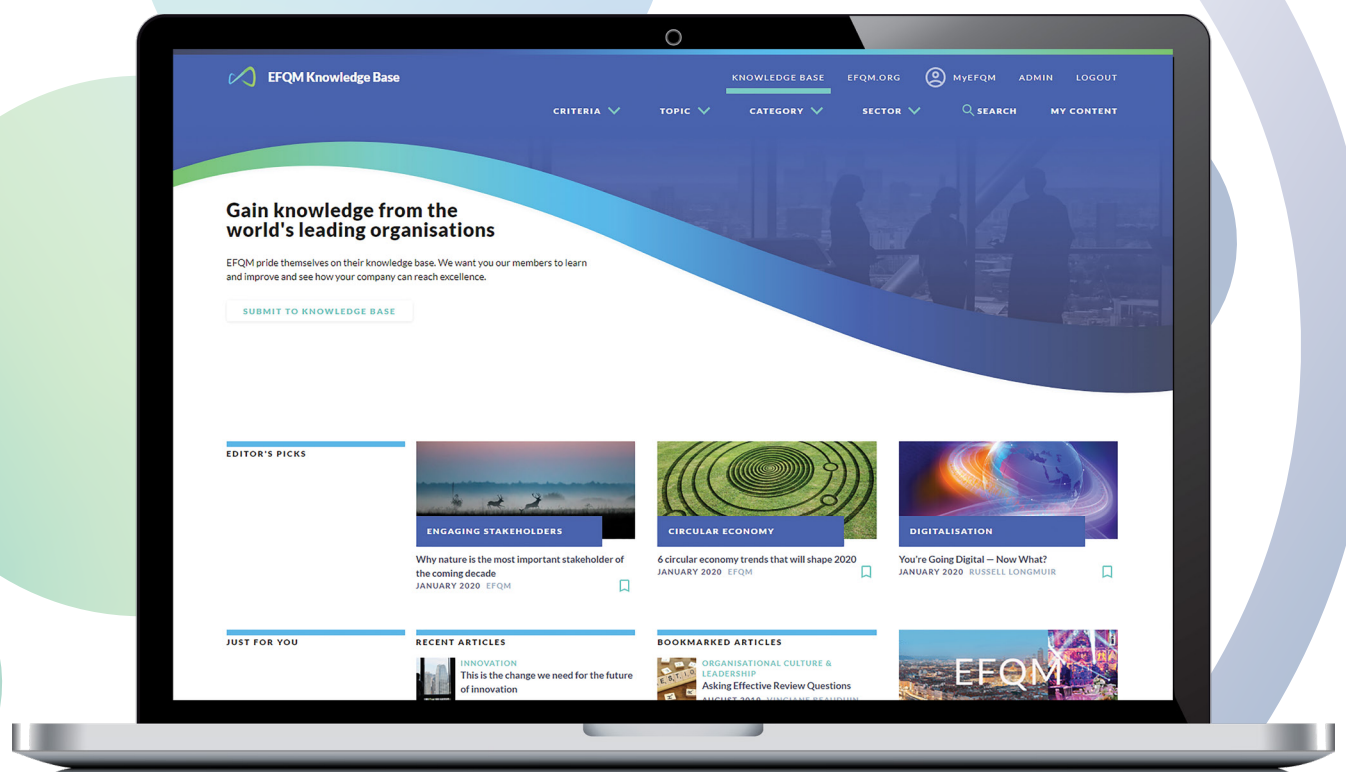

- What are the best organisations doing to improve their performance?
- How can I support my organisation in managing change and improving performance?
- Where can I find inspiration, examples, tools to support my improvement projects?

**You can find all of these and more in the KnowledgeBase**

- **Articles, videos and podcast** to expose you to the ideas that make a difference on Agility, Digitalisation, Innovation, Circular Economy, Gender Balance, Diversity & Inclusion, ...
- **Insights and Success Stories** described by recognised organisations and people that have researched and implemented them, providing you with a way to understand and raise your awareness of role model practices
- **Data** boards to help analyse performance across region, sectors, and criteria, including reports from a **Prevalence & Sentiment Analyser Engine** on management tools from the EFQM Award submission documents
- **A series of tools** to support your daily operations

This is all structured around the EFQM Model, Megatrends and Industry Sector. It is also a platform for you to learn, network with others and share your knowledge and experience.
